

Probe Sanitising Wipes

Cleanline® Probe Sanitising Wipes are a fast-acting disinfectant wipe designed for use within food preparation and handling environments to clean thermometers and temperature food probes.

- A fast-acting blue disinfectant wipe ideal for use within food preparation and handling environments for cleaning catering equipment.
- Suitable for disinfecting thermometers and temperature food probes.
- Proven effective against a range of micro-organisms such as bacteria, yeast and enveloped viruses.
- Designed to meet the latest regulatory requirements for maximum residue levels (MRLs) for surface disinfectants in food preparation and handling environments.
- Disinfects catering equipment without using QUATS, PHMB or alcohol.
- HFA Certified.
- Independently tested and conforms to a range of standard test method including EN 1276, EN 13697, EN 1650 and EN 14476.

CODE AND CASE SIZE:

CL4052 - 200 Wipe Tub

PRODUCT INFORMATION:

Appearance: Wet Non-woven wipe material
 Wipe Colour: Blue
 Odour: Slight chemical odour
 Wipe size: 130mm x 130mm.
 pH as supplied: 10.0 -11.0
 PCS code: 100103
