

# Catering Descaler

Cleanline® Catering Descaler is a heavy duty acid cleaning agent for the removal of hard water limescale from catering equipment, utensils and dishwashing machines.

- Powerful acidic formulation removes hard water limescale built-up and inorganic deposits.
- Suitable for use on stainless steel and chrome appliances.
- Ideal for use on dishwashers, coffee/tea urns, bain-maries, vending machines and other water retaining vessels.
- Helps preserve the life of catering equipment and keeps it free of unwanted limescale deposits.
- Ensures optimum performance of machinery and reduces maintenance.
- 5 litre bottle made in the UK from at least 40% recycled HDPE.

**RECOMMENDED DILUTION:** Dilute according to scale level.

General equipment descaling:	Dilute up to 1 in 20 parts water.	Add <b>50ml</b> per 1 litre of water.
------------------------------	-----------------------------------	---------------------------------------

Heavy duty descaling: **Use product neat.**

**ENSURE YOU ARE WEARING RECOMMENDED PERSONAL PROTECTIVE EQUIPMENT (PPE) AND HAVE THE CORRECT EQUIPMENT FOR THIS TASK.**

**INSTRUCTIONS FOR USE:**

**Equipment Descaling:** Add Catering Descaler to the article to be cleaned, for best results heat the solution to 50°C. Leave to soak until all scale has been removed. Rinse out thoroughly with clean water. **To ensure no product residue remains a further second rinse is recommended.**

**Dishwashing Machine Descaling:** Switch off dosing equipment. Fill dishwasher with fresh water. Add 200ml of Catering Descaler to the water. Circulate the solution for 10-15 minutes. Drain and inspect for complete limescale removal. Repeat if required. Fill dishwasher with fresh water and circulate with water only for 10 – 15 minutes. Allow to dry leaving door open. Switch on dosing equipment.

**TEST MATERIAL COMPATIBILITY IN A SMALL, INCONSPICUOUS PLACE BEFORE USE.**

**CODE AND CASE SIZE:**  
**CL1009** - 5 litre (supplied in case of 2)

**PRODUCT INFORMATION:**  
 UFI Code: U1XS-40FQ-C002-FAYP  
 Appearance: Brown liquid  
 Odour: Characteristic odour  
 Solubility: Soluble  
 Viscosity: Non-viscous  
 Boiling point °C: 100  
 pH as supplied: <2  
 Packaging: 5 litre bottle from 40% recycled HDPE.

**QUALITY ASSURANCE:**  
 This product is manufactured in the UK for Bunzl UK & Ireland and produced under ISO 9001 Quality Management System & ISO 14001 Environmental Management Systems. This product has not been tested on animals.

**ENVIRONMENTAL:**  
 All surfactants used in Cleanline products comply with the current European regulations concerning biodegradability & protection of the environment.

**SAFE HANDLING:**  
 Always wear the correct Personal Protective Equipment (PPE) when handling, dispensing or using chemicals. All PPE should comply with appropriate standards and be readily available for use.

In case of an accident please refer to the product Safety Data Sheet (SDS) for immediate first aid measures and helpline telephone number for a medical emergency.

**SAFE STORAGE:**  
 Store sealed in original container in a cool, well ventilated area away from direct sunlight and extremes of temperature.
