

Washroom Cleaner & Sanitiser Super Concentrate

Cleanline® Super Washroom Cleaner & Sanitiser Super Concentrate is a powerful multi-surface bathroom cleaner and sanitiser and is safe for use most bathroom fixtures and fittings.

- Will rapidly remove watermarking and general soiling and cuts through tideline scum and body fat residue.
- Kills most common forms of bacteria including MRSA making it ideal for use in toilets, bathrooms and washroom environments to help improve hygiene security.
- Independently tested to European Standard Test Method BS EN 1276 and EN13697 when diluted at 4%.
- Safe for use on most bathroom fixtures, fittings and hard surfaces including stainless steel and plastic.
- Will leave chrome and stainless fittings shiny and bright.
- Effective against hard water scale build-up.
- Leaves a fresh light floral fragrance and complements further products within the Cleanline Super range.
- Available in a specially designed 1 litre bottle that enables exact dosing and delivers optimised economy in use without any requirement for dosing equipment.
- May be used via a bucket or **T9** Washroom Cleaner & Sanitiser labelled trigger spray bottle to fulfil a range of cleaning tasks.

RECOMMENDED DILUTION:

Dilute correctly to meet the requirements of EN1276 and EN13697 with a 5 minutes contact time for complete bactericidal action.

General hard surface/floor cleaning:	Dilute up to 1:60	Bucket: Add 20ml per 1 litre of water.
Hard surface cleaning & sanitising: (5 minute contact time)	Dilute 1:25 (EN1276 & EN13697)	Bucket: Add 40ml per 1 litre of water.
		T9 Trigger spray bottle: Add 25ml to 600ml of water.

CODE AND CASE SIZE:

CL3022 - 2 Litre (supplied in case of 2)

CL3021 - 1 Litre (supplied in case of 4)

CL9009 - Empty **T9** labelled trigger spray bottle

PRODUCT INFORMATION:

Appearance: Clear Pink Liquid

Odour: Floral

Oxidising: Non-oxidising (by EC criteria)

Solubility: Fully miscible in water

Viscosity: Non-viscous

pH as supplied: Approx. 9.0

CONTAINS:

LAURYL BETAINE, DIDECYL DIMETHYL AMMONIUM CHLORIDE, ISO TRIDECANOL ALCOHOL ETHOXYLATE

QUALITY ASSURANCE:

This product is manufactured in the UK for Bunzl UK & Ireland and produced under ISO 9001 Quality Management System & ISO 14001 Environmental Management Systems. This product has not been tested on animals.

ENVIRONMENTAL:

All surfactants used in Cleanline Super products comply with the current European regulations concerning biodegradability & protection of the environment.

SAFE HANDLING:

Always wear the correct Personal Protective Equipment (PPE) when handling, dispensing or using chemicals. All PPE should comply with appropriate standards and be readily available for use.

In case of an accident please refer to the product Safety Data Sheet (SDS) for immediate first aid measures and helpline telephone number for a medical emergency.

SAFE STORAGE:

Store sealed in original container in a cool, well ventilated area away from direct sunlight and extremes of temperature.

Product information continued for Washroom Cleaner & Sanitiser Super Concentrate

ENSURE YOU ARE WEARING RECOMMENDED PERSONAL PROTECTIVE EQUIPMENT (PPE) AND HAVE THE CORRECT EQUIPMENT FOR THIS TASK.

INSTRUCTIONS FOR USE

Hard surface cleaning and sanitising: Remove any loose/visible soiling from surface. Apply directly to surface or with a damp cloth/sponge and wipe away dirt and limescale from surface. Re-apply to surface as required for stubborn/heavier soiling and allow contact time. To sanitise the surface allow a minimum of 5 minutes contact time. Rinse cloth in fresh warm water, wring out and wipe surface clean. Buff with a cloth/paper towel for extra shine or allow to air dry.

Hard floor cleaning: Remove any obstructions from the area and display appropriate signage before cleaning. Make sure hard floors are swept and free from loose debris. Apply the solution with a mop/brush/machine. Allow contact time for the chemical to react but do not allow the solution to dry. If required, agitate the surface using a deck scrub brush in all directions. Use a grout brush to scrub between any grout lines/edging. Remove the soiled solution then rinse the surface with clean water. Allow surface to air dry.

TEST MATERIAL COMPATIBILITY IN A SMALL, INCONSPICUOUS PLACE BEFORE USE.

DID YOU KNOW? THIS PRODUCT KILLS 99.999% OF THE MOST COMMON FORMS OF BACTERIA INCLUDING MRSA.

MICROBIOLOGICAL ACTIVITY

Tested independently in accordance with;

<p>BS EN 1276:1997 Tested under dirty conditions, with a minimum contact time of 5 minutes when product diluted to 4%.</p>	<p>Bacterial action against <i>Pseudomonas aeruginosa</i> ATCC 15442, <i>Enterococcus hirae</i> ATCC 10541, <i>Escherichia coli</i> ATCC 10536 and <i>MRSA</i> NCTC 12493</p>
